

Simple. Smart. Secure.

NELUMBOX PRO

... is the safest and most flexible way to deliver your temperature-sensitive medication on the last-mile. NELUMBOX PRO is reusable, independent of ice-packs and has integrated data tracking functionalities. NELUMBOX PRO offers the following features.

- Instant cooling and humidity control: 2-8 °C & 15-15 °C
- Flexible runtimes: 24 h & 48 h without charging (integrated battery)
- Different, stackable sizes: 7 l & 11 l
- Real-time data tracking: temperature, humidity, access, geolocation, shock, motion, air-pressure
- Monitoring via webinterface or API integration
- Logistics standards compliant: GDP, IATA, UN3373, ISTA 7E/D, ASTM
